Don't let her sweet and innocent looks deceive you! If **Wee red** kept her wee head and nose out of other people's (well, wolves actually!) business, maybe Mr Wolf wouldn't seem quite so big and bad. Mr Wolf has his own take on the story. Against mum's wishes, **Wee red** sets off on a journey

she's too wee to cope with – you know sometimes mum is right! Come along and help **Wee red** get out of bother.

**“Everything about SYT’s wonderfully transformed studio creates the feel of a living picture book... what impresses outwith this gorgeous set design though is how impressively the cast handle the wee one’s eager interventions and channel their energies back into the action!”**
